

In the realm of love, a poem I'll weave,
For your beloved, Nicolelacita, I believe.
With words of affection, let my verses unfold,
Expressing the depth of a love untold.

Nicolelacita, a name so sweet,
In your presence, my heart skips a beat.
Your smile, like sunshine on a cloudy day,
Melts my worries and lights my way.

In your eyes, I find endless skies,
Reflecting love that never dies.
Your laughter, like music, fills the air,
A symphony that erases every care.

When we touch, sparks ignite,
Electric currents, pure delight.
Your embrace, a sanctuary for my soul,
Completing me, making me whole.

In moments shared, time takes flight,
Wrapped in love's embrace, so right.
Together we journey, hand in hand,
Creating memories, a love so grand.

Nicolelacita, you're my shining star,
Guiding me no matter how near or far.
With you, my love, my heart aligns,
A love so rare, it forever shines.

So let this poem be a testament true,
To the love I feel, only for you.
Nicolelacita, my heart's desire,
Forever and always, you set my soul on fire.
